

# SMART GARMENT RANGE

## MEN'S SMART SHIRT

### FEATURES

- Standard sensing layout for measuring shoulder and elbow movement.
- Wireless data transmission over Bluetooth.

### SIZES

S M L

### PRICE

USD \$2,490.00

### CONTAINS:

- 10x Integrated StretchFABRIC sensing elements.
- 1x 10-channel SPI sensing board.
- 1x Bluetooth adaptor.
- 1x Electronics casing.

## MEN'S SMART LEGGINGS

### FEATURES

- Standard sensing layout for measuring hip and leg movement.
- Wireless data transmission over Bluetooth.

### SIZES

S M L

### PRICE

USD \$2,490.00

### CONTAINS:

- 10x Integrated StretchFABRIC sensing elements.
- 1x 10-channel SPI sensing board.
- 1x Bluetooth adaptor.
- 1x Electronics casing.

## WOMEN'S SMART SHIRT

### FEATURES

- Standard sensing layout for measuring shoulder and elbow movement.
- Wireless data transmission over Bluetooth.

### SIZES

S M L

### PRICE

USD \$2,490.00

### CONTAINS:

- 10x Integrated StretchFABRIC sensing elements.
- 1x 10-channel SPI sensing board.
- 1x Bluetooth adaptor.
- 1x Electronics casing.

## WOMEN'S SMART SHIRT

### FEATURES

- Standard sensing layout for measuring hip and leg movement.
- Wireless data transmission over Bluetooth.

### SIZES

S M L

### PRICE

USD \$2,490.00

### CONTAINS:

- 10x Integrated StretchFABRIC sensing elements.
- 1x 10-channel SPI sensing board.
- 1x Bluetooth adaptor.
- 1x Electronics casing.

# ACCESSORIES

## SMART GLOVE (PAIR)

### FEATURES

- Standard sensing layout for measuring hand motion.
- Wireless data transmission over Bluetooth.

SIZES	PRICE
S M L	USD \$2,950.00

### CONTAINS Per Glove:

- 5x Integrated StretchFABRIC sensing elements per glove.
- 1x 10-channel SPI sensing board.
- 1x Bluetooth adaptor.
- 1x Electronics casing.

## SENSING BAND

### FEATURES

- Ready-to-wear product.
- Optimized for prototyping applications involving measuring the torso.

SIZES	PRICE
S M L	USD \$1,025.00

### CONTAINS:

- 1x Integrated StretchFABRIC sensing elements.
- 1x 10-channel SPI sensing board.
- 1x Bluetooth adaptor.
- 1x Electronics casing.

# DEVELOPMENT KITS

## STRETCH SENSING DISCOVERY KIT

### FEATURES

- Soft and highly precise.
- Highly repeatable measurements.
- Minimal variance in performance due to temperature and humidity.
- Lightweight and easy to adhere to soft surfaces.

PRICE	USD \$2,050.00
-------	----------------

### CONTAINS:

- 10x Integrated StretchFABRIC sensing elements.
- 2x 10-channel SPI sensing boards.
- 2x Bluetooth adaptors.
- 1x Sewing Kit.
- 2x AAA battery packs.
- 6x AAA batteries.

## COMPRESSION SENSING DISCOVERY KIT

### FEATURES

- Soft and highly precise
- Highly repeatable measurements
- Minimal variance in performance due to temperature and humidity
- Lightweight and easy to adhere to soft surfaces
- Designed to measure compression under heavy loads (up to 80kg).

PRICE	USD \$1,190.00
-------	----------------

### CONTAINS:

- 5x Compression sensing elements.
- 1x 10-channel SPI sensing board.
- 1x Bluetooth adaptor.
- 1x Sewing kit.
- 1x AAA battery pack.
- 3x AAA batteries.
